MOCHAMAD DAFFA TAUFIIQULHAKIM

Bandung, ID | +628122047831 | mochamaddaffa44@gmail.com
|https://www.linkedin.com/in/mochamad-daffa- taufiiqulhakim-012477204/

Fresh graduate in Manufacturing Automation and Mechatronics Engineering with strong interest in electrical systems, industrial automation and Internet of Things. Experienced in PLC, HMI, and microcontroller-based systems, including system integration, wiring, and testing. Possess strong teamwork, problem-solving, and communication skills through academic projects and organizational experience. Highly motivated to develop practical engineering solutions and contribute to efficient and reliable industrial operations.

EDUCATION

POLITEKNIK MANUFAKTUR BANDUNG Bandung, ID
Diploma 4 Manufacturing Automation and Mechatronics Engineering Until January 2026
Automation Engineering;
Cumulative GPA: 3.23/4.0;

WORK / INTERNSHIP EXPERIENCE

BANGKIT ACADEMY LED BY GOOGLE, TOKOPEDIA, GOJEK, & TRAVELOKA Bandung, ID
Mobile Development (Android) Cohort Februari 2023 – July 2023

- Selected as top 3,100 participants from 63,000 applicants
- Completed intensive training in technical, soft skills, and English communication
- Completed every assignment for each week within deadline
- Attend Weekly Consultation with Facilitator
- Demonstrated discipline, teamwork, and problem-solving through weekly project tasks for Android Learning Path on Dicoding platform

ORGANIZATION

BADAN EKSEKUTIF MAHASISWA POLITEKNIK MANUFAKTUR BANDUNG Bandung, ID
Creative Media Specialist of Ministry of Communication and Information Februari 2021 – Februari 2023

- Designed visual communication materials and coordinated media content such as: Hari Besar Nasional, Polman Bangga, dll.

HIMPUNAN MAHASISWA TEKNIK OTOMASI MANUFAKTUR DAN MEKATRONIKA Bandung, ID
Member of Financial Bureau November 2020 – Februari 2023

- Managed budgeting and financial reporting for events

KOMUNITAS SOSIAL KETIMBANG NGEMIS BANDUNG Bandung, ID
Member of Field Division Februari 2021 – Now

- Participated in field operations and social support activities need

ORGANIZATION AND VOLUNTEER EXPERIENCES

DIES NATALIS POLMAN KE-44 (BEM-KM POLMAN BANDUNG) Februari 2021
Logistics Division

- Provide equipment and supplies needed during the event

LKMMTD 2021 (BEM-KM POLMAN BANDUNG) November 2021
Publication Documentation Decoration Division

- Make poster design, Producing activity documentation in the form of photos and videos

ONE DAY WITH SOKMUL (KETIMBANG NGEMIS BANDUNG) November 2022
Field Division

- This activity accompanies "Sosok mulia" in activities starting with helping sell in the morning until noon and then continuing with accompanying shopping for both basic needs and selling needs.

PROJECT EXPERIENCES

DESIGN AND IMPLEMENTATION OF AN AUTOMATED SELF-SERVICE LIBRARY Borrowing and Returning System Januari 2026

- Designed and implemented a smart library system to automate book borrowing and returning processes
- Improved operational efficiency by reducing borrowing time by 65% and return process by 22%
- Achieved system success rate of 84% (borrowing) and 88% (returning)
- Reduced manual errors and enhanced service quality through digitalization and automation

SMART HOME IOT (DIGITAL AND MICROCONTROLLERS) Februari 2021

- Designed and implemented an IoT-based electrical control system using Arduino and Blynk
- Performed electrical wiring, system integration, and device configuration
- Conducted functional testing to ensure stable remote operation of electrical devices (lights, fans, etc.) with improved control efficiency and reduced manual intervention
- Improved efficiency of electrical control through mobile-based automation

PPC TEACHING AID SENSOR TRAINER (PRODUCTION PLANNING CONTROLLING) November 2022

- Developed a sensor-based training module for automation learning using Arduino
- Created system design, bill of materials (BOM), and production planning
- Integrated multiple sensors into a functional electrical system
- Conducted testing and validation to ensure system reliability

LICENCES & CERTIFICATIONS

BADAN NASIONAL SERTIFIKASI PROFESI (BNSP):

- Teknisi Senior Mekatronika
- Junior Web Developer:

DIGITAL MANUFACTURING & DESIGN TECHNOLOGY SPECIALIZATION (YE5GI4HUMHBH):

- Digital Manufacturing & Design: (BAE1V96X1BYD)
- Digital Thread: Components: (15A5N6NOLWRS)
- Digital Thread: Implementation: (614C0THXKUXW)
- Advanced Manufacturing Process Analysis: (1HZ5DRSC0UVK)
- Intelligent Machining: (92HMS282U0DW)
- Advanced Manufacturing Enterprise: (78CR82OR47D8)
- Cyber Security in Manufacturing: (ARY2ZPH212DR)
- MBSE: Model-Based System Engineering: (HURB9OLCG3KU)
- Roadmap to Success in Digital Manufacturing & Design: (KZQ72STL0UDI)

CISCO:

- Introduction to IOT: (Badge)
- Introduction to Cybersecurity: (Badge)

TECHNICAL SKILLS

Language: Indonesia (Native), Inggris (Intermediate), Sunda (Native)

Skill:

Electrical & Automation: (PLC Programming (Omron, Mitsubishi), Arduino & Microcontroller Systems, Electrical Wiring & System Integration, Basic Pneumatic & Hydraulic Systems)

Software & Tools: (Solidworks, Arduino IDE, Visual Studio)

Programming: (Kotlin, Dart, Javascript, C),

Editing: (Adobe Premiere Pro, Adobe Photoshop, CorelDraw).
